WORK EXPERIENCE

Adjunct Instructor (10/2009 – Present)

Delaware Technical & Community College – Dover, Delaware

Computer applications training classes for the corporate and community programs and continuing education department of the college. Most recently covered a series of Microsoft Office courses for various divisions within the State of Delaware. These enrichment courses require the instructor to work directly with the students in an interactive environment. Instructors are required to develop lesson plans, and cater to learners of multiple skill levels.

President (1/2004 – Present)

ExamNow Marketing, LLC. – Dover, Delaware

Custom website development, Analytics Research, Search Engine Optimization (SEO) and Search Engine Marketing (SEM). Primarily focused on building, marketing and maintaining websites with Open Source Content Management System (CMS) software such as WordPress, Drupal and Joomla.

Project Manager (2/2007 – 11/2009)

Delaware.Net, Inc. – Dover, Delaware

Started this position as Director of Sales and was promoted to Project Manager after achieving record sales for the company in 2007 and 2008. As project manager, primary duties included managing hundreds of website projects over the course of two years, and leading a team of 8 highly skilled developers.

President (6/2004 – 2/2007)

First State Computer & Web Development – Dover, Delaware

Owned and operated a computer repair and custom website development company which employed six full-time website developers and two full-time computer repair technicians. Developed custom website projects and performed computer repairs for customers located in Delaware. Provided computer usage and website design training for clients.

Instructor (3/2003 – 5/2004)

Star Technical Institute – Dover, Delaware

Worked directly with the Education Director to improve and teach the Computer Operation Web Design Specialist (COWDS) program. Introduced students to Windows, Microsoft Office, Macromedia (now Adobe), JavaScript, HTML, CSS, general computer maintenance and repair. Worked hands-on with students from all walks of life and with differing technical aptitudes to ensure the success of the program and the students.

Computer Training and Repair Technician (3/2002 – 1/2003)

Mobile Computer Tutor – Martin, Georgia

Worked one-on-one with clients to train them on computer usage and maintenance. Traveled to the client's location to provide computer training and repair. Programs and computers were unique to each client; strong technical aptitude and adaptability were needed to succeed in this position.

Electronic Technician (12/2000 – 3/2002)

Mikart Pharmaceuticals – Atlanta, Georgia

Provided total plant electrical and electronics repair and maintenance. Programmed user-interfaces and PLC programs to facilitate the production of pharmaceuticals. Worked directly with the plant engineer to develop strategies that improved production and

increased safety. Used Rockwell Automation software to develop ladder logic and Panel Builder applications to develop graphic user interfaces (GUI's), which were intuitive for production personnel. Helped to develop programs, which decreased plant waste by twenty percent.

Electronic Technician (7/1999 – 11/2000)

Playtex Inc. – Dover, Delaware

Maintained and wrote ladder logic and user interface-code to facilitate the mass production of thermoformed consumer products. Used troubleshooting methods to identify and fix problems on computerized production equipment. Helped to develop and implement robotics programming, maintenance, safety, and training programs.

EDUCATION

Delaware Technical & Community College - Dover, Delaware

A.S. – Business Management. Transferred credits to Wilmington University in 2010.

Wilmington University - Dover, Delaware (Currently Enrolled)

B.S. – Organizational Management. Graduation date, Fall 2012.

Wilmington University – Dover, Delaware (Currently Enrolled)

MBA with a concentration in Marketing Management. Graduation date, Fall 2013.

ADDITIONAL QUALIFICATIONS

Highly technical and well versed in most Microsoft and Apple software. Expert-level training in Marketing, Photography, Videography, Electrical Construction, Digital Electronics, Website Programming, Design and Development.

VOLUNTEER WORK

Dover High School Cheerleading Boosters

Delaware Heart Walk

Delaware Arthritis Foundation

Delaware Blood Bank

Delaware SPCA

Boy Scouts of America – Northeast Georgia Council
